

The National Academy of Television Arts & Sciences 68th Annual

TECHNOLOGY & ENGINEERING EMMY® AWARDS

The 68th Annual Technology & Engineering Emmy® Awards that will take place on Saturday, January 7th, 2017. This event marks the eleventh consecutive year that the Technology and Engineering Emmy Awards have been presented during CES. The reception and presentation will take place in the Monet Ballroom at The Bellagio Hotel in Las Vegas beginning at 6:30 p.m.

The event honors companies and individuals for innovation that has had a significant effect on the television industry. Some of the companies being honored are, Evertz, EVS, FOR-A, Telcon, Society of Telegraph Engineers, Siemens, Media Object Server Group, Invidi Technologies, Visible World, Corning, Bell Labs/Western Electric, IBM Corporation and Laser Pacific/SCAA.

In addition, the Lifetime Achievement Award in Technology will be presented to Tony Werner, President, Technology and Product, Comcast Cable for his more than 25 years as leader in the digital revolution in video, voice and data services.

Our Host for the evening will be David Pogue. Pogue is an American technology writer and TV science presenter. He is a personal technology columnist for Yahoo Tech, a tech correspondent for CBS News Sunday Morning, a columnist for Scientific American and a former technology columnist for The New York Times. He is also the host of NOVA ScienceNow on PBS and was the host of the NOVA specials Making Stuff in 2011 and Hunting the Elements in 2012.
